## Introduction

The aim of the College is to provide the best possible learning environment for students to succeed. However, in order to provide the students with an appropriate level of service and facilities, we seek parent contributions to assist the College to provide an enriched learning and teaching program for every student. A summary of the various levels of fees is detailed below for families to gain an understanding of the purpose of the charges.

## College Curriculum Learning Consumables

The Department funding we receive contributes to the basic curriculum, however limits our ability to provide students with the level of resources and facilities we expect to provide our students.

Therefore, this contribution allows us to provide appropriate resources in the following areas:

- Classroom and technology resources
- College Maintenance and Equipment
- Registered Nurse Division 2 & First Aid
- Welfare incursions
- College presentation nights and sport carnival days
- Maintenance of aging facilities, classrooms and upkeep of grounds.

## Library and Building Fund - Tax Deductible Donations (TR2013/2)

Tax-deductible donations to the Library and Building Fund help make a difference for students. Your support has already allowed the Library to fit out the theatre space for interactive learning and provide new furniture in the Library for students. The Building Fund contributions alone helped repair the stadium roof from constant leaking, so now students can continue to use the area without disruptions all year long.

## Subject Fees

Some courses include subject fees; this is to ensure the College is able to provide the required standard curriculum items and activities for your child's education. Some subject fees do not include excursions that may run, therefore additional costs may be required for excursions.

## Financial Difficulties

For families experiencing financial difficulties, payment plans may be available. Please contact the front office or a member of the Wellbeing Team to discuss options.

## CSEF (Camps, Sports and Excursions Fund)

If you hold a means-tested concession card or are a temporary foster parent, you may be eligible for CSEF payments of \$225 per year. The allowance is paid directly to the school and only used towards expenses relating to camps, excursions or sporting activities for the benefit of the student. The schedule below details the fees to which CSEF can be applied.

## Payment Methods & Fee Changes

Our preferred payment method is via Compass. The family statement that is distributed on a regular basis, also includes a BPAY option. Fees may be subject to change to reflect curriculum items required, and adjusted annually for CPI changes.
