

Statement of Commitment to Child Safety

Berwick College seeks to ensure all students are safe and personally grow in their academic and social learning.

Berwick College is committed to ensuring that every child feels safe in our school environment and the College has an absolute zero tolerance to any form of child abuse.

What is child abuse? Child abuse includes:

- sexual or grooming offences
- physical violence
- serious emotional or psychological harm
- serious neglect

Berwick College has legal and moral obligations to contact authorities when we are worried about a child's safety, which we follow rigorously. All allegations and safety concerns will be treated very seriously and consistently in line with our child safety policies and procedures.

Berwick College fully supports the Child Safe Standards through a variety of programs including the Learning Team Structure, Home Groups, our program for supporting students with a disability, our Wellbeing Team and our Koorie Education program. We are committed to the safety of children from a culturally and/or linguistically diverse background, and to providing a safe environment for children with a disability. Elements of Child Safety are also covered in our Health/PE curriculum and reflected in our screening and recruitment practices for all staff and volunteers.

Berwick College has specific policies, procedures and training in place that supports our leadership team, staff and volunteers to achieve these commitments. Berwick College is committed to regularly training and educating our staff and volunteers on child abuse risks. We are committed to preventing child abuse and identifying risks early, and removing and reducing these risks. The child safety standards are referenced in our school policy, 'Child Safety Responding & Reporting Obligations'.

For any concerns related to child safety, please speak to the Principal, Assistant Principals, Wellbeing Team, Chaplain, Student Learning Leaders, Home Group Teachers or in fact, any staff member in the College on 8768 1000. Alternatively, you may contact the police or one of the organisations listed below.
