

Year 10 2023

Year 10s will be allocated 12 units per semester. Whole year subjects take up two units and semester-based units take up one unit.

English, Maths and Game of Life are compulsory subjects. Your elective choice must contain at least one from Humanities and one from Science per department guidelines and then you have the flexibility to select any subject from the allocated list.

Reserve Subjects 1-4 will be used if main electives cannot be taken due to timetable constraints. **It is important to note that despite our best efforts we cannot always guarantee student selections due to timetable constraints.**

GAME OF LIFE

Year 10 Game of Life is a compulsory unit for all Year 10 mainstream students. It is a one semester course.

LOTE

Indonesian runs for both semesters, it will take up two (2) units.

VCE SUBJECT

If you choose a VCE subject (letter of recommendation required), it will take up two (2) units, as it is a yearlong course.

VOCATIONAL EDUCATION AND TRAINING (VET) COURSE

If you wish to undertake a VET course (off campus), you MUST indicate which VET course you wish to do. This is not guaranteed. **Select courses in the Elective 7 spot.**

NUMERACY AND LITERACY PLUS

If you wish to be considered for the Literacy and Numeracy Plus (assistance) program you must indicate to the counsellors that you are interested.

Please see Mr Brent Hobba for further information.
